COMPLAINTS/COMMENTS IRRITANT RELEASED IN SUPERMARKET

ACTION TAKEN 11/6/97 Responded to call Sac City HazMAT determined that the irritant that was released was from an open box of Flea Fogger. One can was less full than other cans. There were also open boxes of flea collars. 3 employees were effected by the spray with coughing. One customer was effected but refused medical treatment. She said she would go to the hospital herself. Approx 2-3oz may have been released. Store was allowed to reopen.

Considering the material involved, quantity and concentration, duration and likely routes of exposure is substantial injury to the public likely? ☐ Yes ☒ No H & Safety Code 25180.7 Evaluation
